Info

Based on the original model of the Urban Trapper, the Urban Trapper 42 model has the same premium features, but features a nail groove for two-handed operation in place of the flipper. At a mere 8 mm handle thickness (without clip), the term "slim" only inadequately characterizes the Urban Trapper for its usable size. The large holes and titanium handle material transform the Urban Trapper 42 into a true lightweight at only 48 g that can be extremely conveniently carried in a suit pocket or light summer trouser alike. With high-quality nylon case for storage.
