Info

Malga 6 is an innovative pocket knife, born from the need to combine the ductility of a multipurpose knife with the cutting performance of a superior steel. The main blade is in fact made of M390 steel which guarantees very high resistance of the cutting edge and corrosion, the blade has a stonewash finish. The other tools on Malga 6 are: capsule opener with flat screwdriver, can opener, fork, corkscrew and reamer. These are made of 420 stainless steel always. The handle grips are made of green Micarta canvas and are mounted with screws that allow you to easily disassemble the grips and replace them if necessary. Malga 6 is the perfect knife for a hike that you will want to end with a great picnic.
