Weight: 119 gr - 4.20 oz

Blade: Elmax stainless steel

Blade Coating: satin

Handle: brass

Clip: wireclip

Info

Meet Clyde...

More "folk" than "lore."

More "urban" than "legend."

More "goofus" than "gallant."

Maybe it's our fault that Clyde turned out the way he did. After all, we did name him after our favorite watering hole in Portland, "The Clyde Common", located at the ACE Hotel in Pearl district. And we did create him as a mix of Scandinavia meets Japan and flirts with the Persians - no good lovechild could come from that....or could it? Well, we surely think so! The brass Clyde has a slim, pointy and slightly upswept blade in Elmax steel. The handle looks smaller than it feels, just like Clyde claims in other matters, and the ergonomics of the knife may surprise you given its simple lines.

We think that Clyde is the perfect EDC knife, and, if you haven't noticed yet, it has a ton of attitude that will set it apart!
