Spacer: brass

Info

The new ACE "Corta" (conjugation of "cortar," meaning "to cut") is a small stout flipper with a pointy but strong blade that fires open like a rocket. The flat saber grind, combined with the blade's sleek lines with straight back and classic edge line, give the blade an almost fang like look.

Once you get the Corta in hand and flip it open a few times, you'll feel the function that was designed into this knife. The simple but beautiful lines of the Corta are a nod to the designers' Nordic heritage, resulting in a functional tool for use in everyday life.
