### Info

The Nibbler is a compact and efficient folder that works as a great EDC in areas and situations where size matters. Our smallest folder yet that still checks all the boxes you'd expect from a Vox and Ansø design.

The Nibbler is inspired by the fictional character Nibbles "Tuffy" mouse from the hit cartoon series *Tom and Jerry*. Nibbles may be small, but he sure is mighty, just like our new ACE Nibbler. A petite folder that packs a serious punch. The Nibbler doesn't lack in the fun department, either. Once you have it in hand and spidey flick it open, you'll understand what we mean.
