accessories and utensils

**Forever - Moka
"Prestige" briar wood 3
cups**

cod. **120208**

**Material: Aluminium
Info**

the Briar moka in food-grade aluminum is coated on the outside in black. The lid knob and the wood effect handle create an attractive look. Our Radica comb
The high-quality workmanship is evident in the refined knob and ergonomic handle, both parts are screwed on and can be easily replaced.
Further details are the neutral silicone seal on the flavors and the functional spout.

The aluminum coffee makers are not dishwasher safe. For cleaning, clean hot water is sufficient to ensure that the patina inside is well preserved.
